### Anderson ushers in National Domestic Violence Awareness Month

Houston – Mike Anderson, Republican nominee for Harris County District Attorney, begins October by joining many in our community proclaiming October as National Domestic Violence Awareness Month.

“I join with like-minded individuals and organizations all across America in proclaiming October as National Domestic Violence Awareness Month. We do this to draw attention to and increase awareness of the tragic circumstances of those who suffer in Harris County,” said Mr. Anderson.

“I have been involved in the prosecution and adjudication of Domestic Violence perpetrators for nearly 30 years. I have seen the tragedies.

“I have also worked within the criminal justice system as we have matured in our approach to the victims. The laws have changed. Law enforcement has changed. We have changed our approach to dealing with these crimes. Prosecutors and Judges have worked to implement new practices to meet the expectations of society and the law,” Mr. Anderson continued.

“During National Domestic Violence Awareness Month we should refocus our attention on this plague in our community and raise awareness. Victims should be reminded that the law is on their side and that law enforcement is ready to help them break this cycle.

“As Harris District County District Attorney I will make prosecution of domestic violence a priority. We will vigorously prosecute these crimes and work to ensure that justice is done in each case,” Mr. Anderson concluded.
